Field Services and Maintenance

Rockhampton Diesel Repairs

Transport Industry

Our specialists have extensive experience in truck and trailer repairs. For every client, we are there, every step of the way with no short cuts. We want to make sure that you get the most out of what we offer because part of what we do is to maintain relationships with clients, as much as acquiring new ones.

When you have broken equipment, it costs you time and money. Whether it is a small or big job, we are the solution to all your worries. Our expert mechanics offer truck and trailer repair services that guarantee immediate diagnosis of the issue and professional handling of all stages for fixing it. One truck or a whole fleet, Rockhampton Diesel Repairs will take care of your vehicle through a comprehensive checklist and conduct all necessary servicing.

Fleet Maintenance

Every fleet manager needs a reliable maintenance, service and repair partner.

- Regular servicing of your fleet means less 'down time', lower unplanned maintenance expenses, lower fuel consumption and improved performance.
- Any fleet – large or small, light or heavy vehicle, heavy plant and equipment – needs the right kind of service at the right time.
- We offer a range of maintenance and repair services including servicing schedules, maintenance tasks and part management for your fleet.

"Expect quality workmanship with your experienced tradesmen".

Civil & Mining Maintenance

With a growing fleet of field service vehicles, we are equipped to carry out all major and minor mechanical and scheduled maintenance on your site. This service is becoming increasingly popular as a cost effective way to carry out scheduled maintenance in the field.

We are committed to delivering honest, reliable, quality service with down to earth communication.
